- ◆ New Township Park Plans
- ◆ Historical Commission Summer Tour
  - ◆ Stormwater Fun
  - ◆ Upcoming Clean Ups
- ◆ Township Ordinance Now Available Online

## Welcome Kati and Lew!

I wanted to take a moment to introduce myself to the residents of New Garden Township and those of you doing business with the Township. As the new receptionist of New Garden Township, I come here with years of administrative experience and I look forward to continuing to do my best in an administrative capacity to assist in answering any of your questions and concerns or directing you to someone who may be able to better assist you.

Though I have never officially been a resident of New Garden Township, my family roots begin in Chester County. I hope to be a positive contributor in keeping Pennsylvania and especially New Garden Township a pleasant and safe place to visit and reside.

I look forward to getting to know you, the residents of New Garden Township and welcome you to contact me with any questions or concerns. Thank you, Kati Reiter

The Township recently established the position of Finance Director.

We are pleased to welcome Mr. Lewis Gay to our Township in this new role. A graduate of both Goldey Beacom and University of Baltimore, Lew has had close to thirty years of municipal government financial and administrative experience in various communities including West Goshen Township, Whitmarsh Township, Coatesville, Reading, Lancaster and Pottstown. Most recently he served as a General Ledger Support Specialist with Dallas Data Systems, Inc., a computer applications and consulting firm.

Please stop by the Township Building any time during normal business hours, introduce yourself and welcome Mr. Gay and Ms. Reiter to our community.

## A Word from the Chairman

By Stephen Allaband

Over the past several years, the township has experienced significant growth in its population. With some of our aging infrastructures, such as roads and sewer lines, the township is now faced with the very large task of improving intersections and replacing road surfaces, as well as addressing repair and maintenance

issues with our sewer systems. Although at times this may seem to be an inconvenience, safety is a major concern.

Speaking of safety, this is a friendly reminder to keep your pets safe and healthy by bringing them up to date on shots, using flea, tick and heartworm preventatives, obtaining dog licenses (as required by law), and wearing identifi-

cation at all times. In addition, remember that most pets are terrified of fireworks, so please keep them at home and inside during the Fourth of July and other similar festivities. In the past we have had a very high volume of lost pets at this time of year.

Thank you.
