

New Garden Park Spring Events

Spring is in the air! New Garden Park is gearing up for spring and summer events! These events are designed for adults and children alike and are a great way to bring your family together. Enjoy the celebrations or even just take in a ball game played by local teams. The events are held March through August at New Garden Park and provide a place for residents to gather together and celebrate in a beautiful environment.

Important improvements are continuing to be made within the Park. There will be additional seating around the playground and a few new pieces of playground equipment. You will see new birdhouses, native plants and grasses growing, and new landscaping around our buildings and pavilions.

For volunteers, if you or a group of people, would like to volunteer to plan and maintain a section of garden at New Garden Park, please let us know. New Garden Park also has plenty of projects

and events that need the help of volunteers and it would be fantastic to see residents and school students volunteering in our community Park. We look forward to seeing you at New Garden Park!

"Off they go!" Easter egg hunt in the Park

Baskets of Easter eggs after the hunt.
