

APPENDIX 2
INVASIVE ALIENS IN NEW GARDEN TOWNSHIP

SCIENTIFIC NAME	COMMON NAME	WIS	COUNT	COMMENT
FORBS				
Alliaria petiolata	Garlic mustard	FACU-	21	Common throughout
Cardamine impatiens	Cut-leaved bittercress	UPL	4	Only in WC, expanding regionally
Cirsium arvense	Canada thistle	FACU	21	
Duchesnea indica	Indian strawberry	FACU-	21	Moist ground
Fallopia japonica	Japanese knotweed	FACU-	6	
Ficaria verna	Lesser celandine	FAC	9	Expands quickly
Galium mollugo	Wild madder	UPL	19	Fields
Glechoma hederacea	Ground ivy	FACU	21	Moist ground
Hemerocallis fulva	Orange daylily	UPL	17	
Leucojum aestivum	Snowflake lily	X	1	
Ludwigia peploides	Primrose-willow	OBL	1	Ponds
Lythrum salicaria	Purple loosestrife	FACW+	10	
Pachysandra terminalis	Japanese pachysandra	X	2	
Persicaria longisetia	Long-bristled smartweed	FACU-	21	Common throughout
Stellaria media	Common chickweed	UPL	19	
Thlaspi alliaceum	Stinking penny-cress	UPL	13	Increasing
Urtica dioica	Stinging nettle	FACU	21	Moist disturbed ground
Veronica hederifolia	Ivy-leaved speedwell	UPL	18	Moist ground
GRAMINOIDS				
Agrostis stolonifera	Creeping bentgrass	FACW	2	
Arthraxon hispidus	A grass	FACU+	5	Expands quickly
Bromus inermis	Awnless brome-grass	UPL	16	
Elymus repens	Witch grass	UPL	15	
Microstegium vimineum	Japanese stilt-grass	FAC	21	Common throughout
Miscanthus sinensis	Japanese plumegrass	FACU	3	
Phalaris arundinacea	Reed-canary grass	FACW+	21	Common, wet ground
Phragmites australis	Giant reed	FACW	19	
Schedonorus arundinaceus	Meadow fescue	FACU-	21	Common throughout
SHRUBS				
Berberis thunbergii	Japanese barberry	FACU	19	
Buddleja davidi	Butterfly-bush	X	3	
Elaeagnus umbellata	Autumn olive	UPL	21	Common, usually drier areas
Euonymus alatus	Winged burning-bush	UPL	21	Frequent throughout
Ligustrum obtusifolium	Broad-leaved privet	FACU	17	
Lonicera maackii	Amur bush-honeysuckle	UPL	20	Common throughout
Lonicera morrowii	Morrow's bush-honeysuckle	UPL	4	
Photinia villosa	Photinia	UPL	6	
Rhodotypos scandens	Jetbead	UPL	1	
Rosa multiflora	Multiflora rose	FACU	21	Common, some diseased
Rubus laciniatus	Cut-leaved blackberry	UPL	1	
Rubus phoenicolasius	Wineberry	UPL	20	Common woods, edges
Rubus triphyllus	Creeping raspberry	FAC-	1	
Viburnum dilitatum	Linden viburnum	UPL	6	
Viburnum opulus	Guelder-rose	X	1	
Viburnum plicatum	Doublefile viburnum	UPL	3	
Viburnum setigerum	Copperleaf viburnum	n	1	
Viburnum sieboldii	Siebold's viburnum	UPL	4	

APPENDIX 2
INVASIVE ALIENS IN NEW GARDEN TOWNSHIP

SCIENTIFIC NAME	COMMON NAME	WIS	COUNT	COMMENT
TREES				
Acer palmatum	Japanese maple	UPL	7	
Acer platanoides	Norway maple	UPL	21	Frequent throughout
Ailanthus altissima	Tree-of-heaven	FACU-	17	Disturbed edges
Aralia elata	Asian hercules-club	n	2	Spreads quickly
Malus species	Crabapple	UPL	18	Frequent throughout
Paulownia tomentosa	Princess-tree	UPL	18	
Phellodendron japonicum	Japanese cork-tree	UPL	2	
Prunus subhirtella	Higan cherry	ni	4	Increasing
Pyrus calleryana	Callery pear	n	17	Frequent, increasing rapidly
Robinia pseudo-acacia	Black locust	FACU-	19	
VINES, HERBACEOUS				
Humulus japonicus	Japanese hops	FACU	21	Moist disturbed ground
Persicaria perfoliata	Mile-a-minute	FAC	21	Throughout
VINES, WOODY				
Ampelopsis brevipedunculata	Porcelain-berry	UPL	21	Frequent throughout
Celastrus orbiculatus	Oriental bittersweet	UPL	21	Common throughout
Euonymus fortunei	Wintercreeper	UPL	6	
Hedera helix	English ivy	UPL	9	
Lonicera japonica	Japanese honeysuckle	FACU-	21	Common throughout
Wisteria floribunda	Japanese wisteria	ni	1
